

Dear Prospective Member:

On behalf of Junior Guild, we wish to thank you for your interest in our organization. Junior Guild is an organization composed of young women from Northwest Harris County, with the girls serving as members, and their mothers guiding their activities through an executive advisory board. Fifteen charter mothers and daughters formed this organization in 1987, and it has continued to grow and develop into the thriving organization it is today. The purpose of Junior Guild is to improve the quality of life within our community through members' participation in cultural, educational, and voluntary service endeavors.

To be considered for membership for the current year, please complete the application link for membership before April 12th, in order to attend the annual Membership Tea or by August 9th if not attending the Membership Tea. An applicant is not considered a Provisional Member until they have submitted the application and paid the annual dues. Both the application and dues payment can be submitted online through our website at www.JuniorGuildofTX.com. Once your application is submitted, your Junior Guild sponsor and co-sponsor will be contacted to submit their letters of recommendation. The sponsorship process is designed to be used as an instructional tool that encourages perpetuation of the organization by the members. If you do not have a sponsor, we would love to meet with you to discuss our organization and offer you a sponsor.

If you have any questions concerning the Junior Guild, please contact your sponsor or one of us. We look forward to meeting you!

Sincerely,

Junior Guild Family

Junior Guild's History

Fifteen charter member mothers and daughters representing Houston Northwest area school districts established Junior Guild in the spring of 1987. Area charities had been previously canvassed as to the need for community volunteers and the willingness to include high school women as volunteers in their programs. The membership of Junior Guild includes high school women in the ninth, tenth, eleventh, and twelfth grades.

The purpose of Junior Guild is to improve the quality of life within our community through young women's participation in cultural, educational, and voluntary endeavors. Junior Guild furthers its mission by promoting community service, fellowship among the schools, the development of organizational and leadership skills, and mother-daughter participation.

The organization is composed of Executive Advisory members (mothers or other female guardians), and Guild members (daughters). The Board consists of Executive Advisory Officers/Committee Chairpersons (mothers/guardians) and the corresponding Guild Officers/Committee Chairpersons (daughters). Volunteer hours are required of the Guild members only. The adult members serve in an advisory and assisting capacity.

Requirements for Guild members include general meeting attendance, fundraiser participation (one yearly), and a minimum of 15 service hours for Provisional Freshmen, Sophomores, and Juniors, or 20 hours for Provisional Seniors. The hour requirement was set at 15 because the women in this organization are generally involved in myriad school, church, athletic, fine arts, and other activities. It was the hope of the charter members that these hours would serve as a guide rather than a burden and would encourage more active community involvement. To date this has proven to be the case. Junior Guild has grown from 45 members in 1987-88 to a high of over 120 members and includes hundreds of former members with a diverse membership.

Although new members must be sponsored to apply for membership, Junior Guild is an inclusive rather than an exclusive organization. The sponsorship process is designed to be used as an instructional tool that encourages perpetuation of the organization by the members. Applications and deadlines are used to guide the members through a structured process and offer experience with seeking and providing recommendations.

The two roses of Junior Guild

The two roses of Junior Guild symbolize the mother-daughter relationship. The top rose symbolizes each young woman in Junior Guild. The rose underneath the prominent top rose is almost obscured. This rose, nonetheless, propels the top rose and keeps it looking straight, fresh, and upright. The bottom rose symbolizes each mother in Junior Guild. The mother supports the daughter and assists her in reaching her highest ideals.

SERVICE HOURS:

Each member must complete a minimum number of volunteer service hours per year. Currently, Junior Guild requires 15 hours for all Active and Provisional Freshman, Sophomore, and Junior members, and Active Senior members. 20 hours are required for Senior Provisional members. These volunteer hours must be at Junior Guild approved locations during the Guild year, which runs from May 1 through the following March 31. (Hours served during April will count toward the following years' service.) The New Member Tea in April does not count as a meeting, but all are expected to attend if able. Meetings are typically the second Sunday afternoon of each month.

Explanation of Hours

I. SERVICE:

Every member must earn service hours to be designated by the Service and Membership Vice Presidents. Service Hours will include program orientations when needed (for provisional & active members) as well as actual program service times. Each member will be given an hour sheet to record your service hours.

The Junior Guild Polo Shirt must be worn during on-site orientations and during service work, unless otherwise approved by Service Vice Presidents or Presidents, in order to earn service hours. Please make sure to wear proper attire, which includes pants without holes and shorts of a proper length.

If you sign up for a volunteer opportunity and for some reason cannot fulfill your obligation, it is **YOUR** responsibility to find your replacement and notify the Service and/or Membership Vice President.

All orientations and service hours must be **dated and signed by the program supervisor at the location**. This supervisor might work for the organization or be an officer in Junior Guild.

II. COMMITTEE:

Committee hours are time spent in committee meetings (Fall Fundraiser, Yellow Rose Ball, and Tea), advisory board meetings, fundraising planning meetings and other approved activities (to be approved by the Executive Advisory Committee Chairpersons or Presidents). Committee hours need to be dated and signed by an adult committee chairperson. Your obligation to the fundraiser and any duties that come from being a Board Member do not count as committee participation.

There is frequently some confusion over the issue of the Fall Fundraiser/Fashion Show as it pertains to committee service. There is a Fundraiser Committee, who works under the direction of the Third and Fourth Vice Presidents to plan the event itself, including arranging for the venue, room layout, food, music, speakers, and so on. Serving in this capacity counts as committee service. Beyond that, every Guild member will participate in the Fundraiser by contributing to her specified grade level activity, such as helping with invitations and check in, creating centerpieces, arranging the auction items and helping to run the auction at the event, and modeling in the show. These activities are NOT committee service and fall under general membership requirements. Committee members will participate both in the planning and grade level activities.
